13名来之民望学校的初中生，参加校方为他们举办的新加坡教育之旅。本活动于2020年1月14日开始，而于1月17日结束。在本次的活动中，学生们到新加坡东北区，宏茂桥的崇文中学参加交流活动，体验新鲜的学习环境。到达目的地的时候，崇文中学的校长和老师们都热烈迎接我们。大家都参加简报会，以两所学校的学生能够互相认识。接着，民望学校和崇文中学的学生参加打破冷场的一些趣味游戏。通过校园导览，学生们参观校舍，设备及了解崇文中学的历史。用餐后，学生们参加中文互动式课堂以及学习如何采用涂鸦笔制作三维艺术。

隔天，所有的学生参观新加坡动物园，了解各种各类的动物。动物园旅行后，终于是告别的时刻了。除了参观学校外，学生们也参观了新加坡的几个景点，如：新加坡滨海湾花园，国家城市画廊及环球影城。这所有的精彩时刻都记录在学生制作的视频博客中。

CHINESE NEW YEAR 2571

"MAY THE YEAR OF GOLDEN RAT BRING US LUCK AND HAPPINESS"

于2020年2月4日，现代山庄民望学校举办2020新春佳节。家长，师生们都出席当天的活动。

我校的所有学生，从幼儿园直到高中生都参加本次的活动。活动开始的时候，由老师代表为我们开慕祈祷，愿活动能够顺利地进行。接着，三位小学生的代表以英，印，中三种语言朗读学生宣誓。此外，校长也上台致开幕词。

今年的春节活动以音乐剧的方式举行。音乐剧的内容是有关我们生活中的实际情况。故事的内容是讲了一些家长因为每天都很忙碌，他们的孩子很希望在过新年的时候能够与父母在一起。此科技为不彩的音乐剧表演展示了我校的学生，中文老师，数学老师，因为不老会讲中文，但是为了此次的演出努力学习中文。此事推动了学生一起讲华语，“有志者，事竟成”。

音乐剧后，学生们另外献上精彩的表演，如：舞狮，擅自舞蹈等。活动结束之前，所有的学生获得红包并一起用餐。

我们很开心的度过今年的新春佳节。

**PRIMARY GRADUATION
SEKOLAH HARAPAN BANGSA
Academic Year 2019/2020
June 15, 2020**

Monday, June 15, 2020 was a very special day for Sekolah Harapan Bangsa Primary Modernland and our graduating students of 2020. It was special for them as they had completed 6 years of primary education and also because this significant occasion had to be held online.

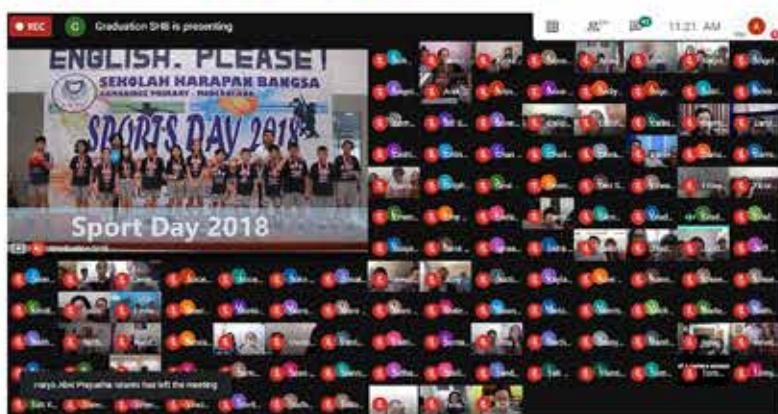

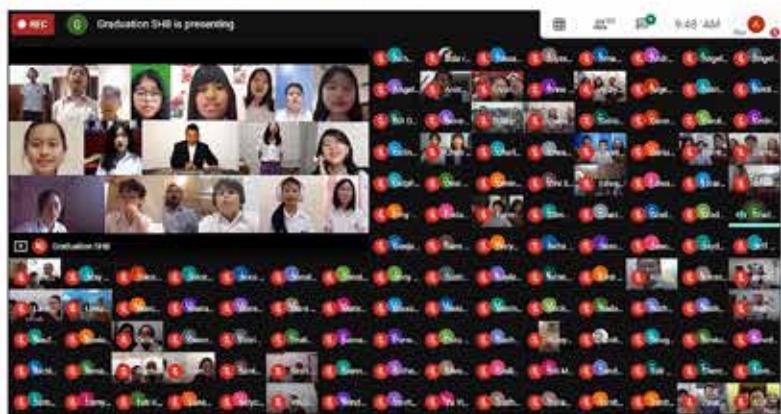

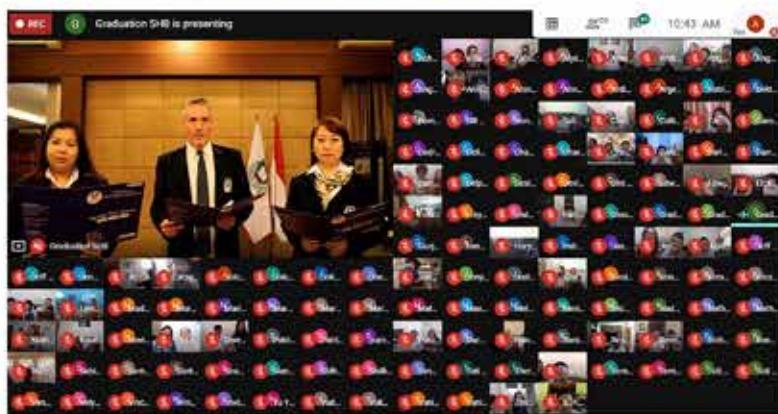

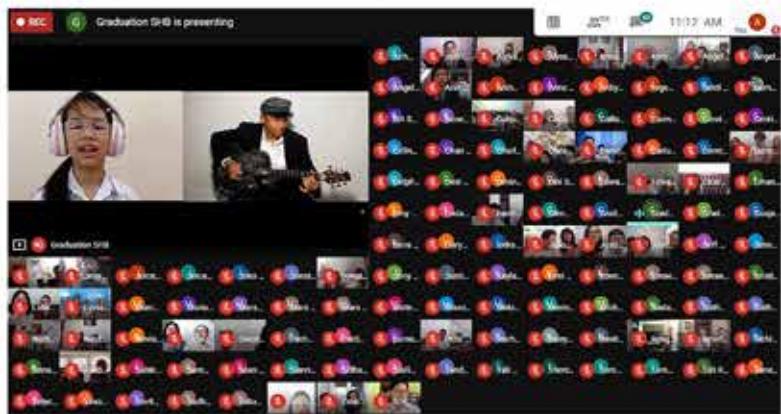

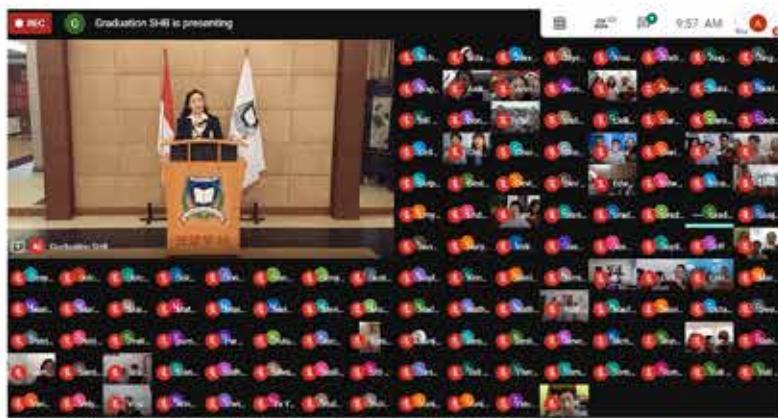

The Covid-19 pandemic has kept everyone apart physically, but our hearts and minds remained close as we gathered together for the virtual graduation ceremony. This special occasion was even better because of the presence of Ibu Indra T. Honoris, Mr. Purnawan, Mr. Bernard Rasli, Mr. Sidharta Revata and all Principals & staff. Even though all graduates and their parents were attending the virtual graduation from their homes, everyone could still feel significance and sincerity of the moment.

The opening program had been arranged almost as if we were having a graduation on-site. We started with the opening prayer, then the singing of our national anthem and Mars SHB before we continued with the reading of the Students' Pledge in three languages.

During the graduation process, the names of the graduates were read one by one while their individual photos were presented on screen for everyone to see. The announcements of the best students were also presented through impressive videos displays that included their childhood pictures. As for the students' performance, a video compilation of the graduates voices was shown to all participants of the event.

At the end of the program, there was a slideshow with a variety of the students' pictures taken throughout their time at SHB Primary. The moments that were captured in those pictures brought back many happy memories to all graduates. This wonderful event finally closed with a prayer and the sincere wish for everyone to have a safe and healthy life during this difficult situation.

May we all soon have another chance to gather and celebrate together in a better times.

Sekolah Harapan Bangsa is pleased to announce that we will be continuing our partnership with the Jakarta Language Academy this academic year after a successful start in 2019.

To learn more about how JLA is supporting teacher training and development here at SHB, we have provided a short introduction to the Academic Director and Lead Trainer, Karl Millsom.

Karl is the Director of JLA, the leading provider of teacher development programmes, academic consultation services and TESOL certification in Jakarta that works with schools and teachers to improve the standards of learning across Indonesia.

Karl has lived in Indonesia since 2008, and during that time he has taught in extra-curricular education centres, private schools and companies.

For the past 5 years, Karl has been training teachers as individuals as well as with private schools and through government programmes with Dinas Pendidikan DKI Jakarta.

Last year, Karl began a programme with Sekolah Harapan Bangsa intended to support the development of teachers in all units and subjects and to help the principals and management create ongoing development plans for the whole faculty.

The Faculty Development Programme from JLA TESOL includes classroom observations and constructive feedback to help teachers identify their strengths and plan how to improve their skills to be the best teachers they can be.

In 2019, the programme began with Karl observing lessons in all five SHB units across all subjects (excluding religious studies) followed by an extensive report suggesting the most effective ways of improving the standards of learning offered to SHB students.

This semester, we are happy to see our partnership continue online with respect to our Covid-19 Home Learning Programme. Expect to see Karl joining some of your own children's lessons to see how the classes are going. Through this programme, we hope to continue to offer the best quality education possible for the whole SHB family.

Home Learning

The outbreak of COVID-19 in Indonesia, which was first confirmed in March of this year, immediately caught the attention of the Sekolah Harapan Bangsa. In an effort to help prevent the spread of COVID-19 through our schools we began to enforce stringent safety protocols such as enforcing distancing between students, checking student and staff temperatures on arrival at school, and also providing easy access to spray disinfectants.

In accordance with the decision of the South Tangerang city government, all Sekolah Harapan Bangsa teaching and learning activities have been carried out online from 16th March. In online learning, SHB uses the Google Classroom suite of applications along with Google Meet to deliver lessons and replicate face-to-face interactions. Everyday learning is done online, with each student joining the links provided for individual subjects.

Learning activities have been progressing well since the programme began, and although some adjustments are still being made by teachers, students and parents, the overall success of the online programme has continued to grow. Teachers, parents and students have been collaborating well so that learning targets are achieved in accordance with our curriculum mission to provide a quality education.

Home Learning in SHB Cambridge Modernland

The World Health Organization declared Covid-19 a global pandemic earlier this year and Indonesia was not spared its effects. As a country, we support WHO's aims to "flatten the curve" and the education sector has played a crucial role in stopping the virus' spread in order to prevent widespread infections. The Department of Education in Indonesia ordered students to continue their education at home until the end of the academic year. Thus, the birth of Home Learning in SHB.

As early as March 12th, after SHB's decision to comply with the order on school lockdowns all over Indonesia, the SHB Cambridge unit had already drafted plans for our Home Learning Programme. An orientation seminar for all our teachers took place on the 13th March. Fortunately for their students and colleagues alike, some teachers had already been using the Google Classroom platform in their normal teaching. This helped the Cambridge team to come together and assist each other in understanding the mechanics of the Google Classroom suite.

On March 16th, students came to school for the last time and collected their books and other school materials they would need to continue learning at home. Each homeroom teacher gave their own class orientation to familiarize students with the Google platform that would be used. Special Home Learning class schedules were made and distributed to teachers and students, and on March 17th, SHB's online learning programme officially began.

Since March 2020, the implementation of our Home Learning Programme has evolved and the standards have risen. In the beginning, students were not required to wear their uniforms and the number of sessions for one subject left students with tired eyes from focusing on their laptops and gadgets for too long for lessons. There were issues with students feeling too comfortable at home that joining online classes 10 minutes late was a regular occurrence for some. While many of our students continued to take their studies seriously and remained focused some students took a very casual approach to their online learning. Attendance became another problem to be addressed. Even though this was checked every day by each subject teacher and reported at every end of the class day, a few students did cut classes and used internet connection problems as an excuse to do so.

April saw the start of Term 4 and the new lesson format was quite challenging for CS1 to CS3. The syllabus for each class from CS4 to JC2 had already been completed and students eagerly awaited their Cambridge Assessment International Education (CAIE) exams, which were eventually cancelled worldwide due to the ongoing pandemic.

The month of May was very challenging for all teachers teaching CS4 and JC2 as they were instructed to either enrich knowledge by reviewing more past papers and to find challenging online activities to supplement lessons for the 2020-2021 Academic Year.

The March to June Home Learning period came to an end with everyone at SHB having learned so much, new experiences having been lived and opportunities to improve the academic plans and protocols for the 2020-21 school year having been taken. All of the issues we faced in our first term of only learning have been addressed. Students now appear on camera in their school uniforms for the duration of lessons in order to recreate the classroom atmosphere as much as possible. Teachers and principals coordinate more with parents to ensure students attend their online lessons on time and that there are fewer missed classes, and our teachers have adapted to the challenges faced in providing fun and more interesting lessons through the new format.

All of us in SHB have been praying for the current pandemic to end soon and for the chance to take what we have learned from our Home Learning Programme back to the live classroom once again

Sekolah Harapan Bangsa Primary School : Grade 1A Class Party Academic year 2019/2020

Thanks to almighty God that even during the Corona virus pandemic, we could still celebrate the grade 1A class party virtually on June 18th, 2020.

On that day, Ms. Joice opened the celebrations by presenting some photos of grade 1A activities throughout the year. Then all students wrote a small letter with their thoughts on studying together for the whole year and how they felt having Ms Joice as their homeroom teacher.

Besides writing letters, there was also a parents' representative parents who gave a speech about the way their sons and daughters studied in SHB generally and in grade 1A especially. We were delighted to hear that all the parents felt happy enrolling their children at SHB and at the progress they made studying in grade 1A.

To close the class party, Ms Joice also gave a simple speech and a precious message through videos; One was for students and the other one was for the parents.

The message for the students was that they should always remember that they are precious and that they are ready for the next level. The message for the parents was to remind them to always support their kids no matter what situation they face.

My name is Mentari Kirana Arinardi. I'm an SHB alumni from the 2017 high school graduating class. My 11.5 year journey in SHB was a roller coasters, full of ups and downs. My ups in SHB taught me how to be humble and my downs helped me grow to be the person that I am today.

I left SHB at the end of 2016 to pursue my education in the United States. Last June, I graduated from the University of California San Diego with a Political Science - International Relations degree. I'm currently working at the Consulate General of the Republic of Indonesia in Los Angeles (KJRI LA).

SHB appreciates and gives their students the opportunity to develop not only their academic skills but also their practical skills. When I was younger, I didn't realize how impactful my experiences at SHB would be and how they would affect my future. Those leadership skills that I gained from the student council continue to serve me well even now as the Chief of COVID-19 Taskforce PERMIAS (Persatuan Mahasiswa Indonesia Se-Amerika Serikat) Nasional.

I would like to take this opportunity to thank you, my beloved teachers, and the SHB foundation for their dedication to generating the future leaders of Indonesia.

Virtual Graduation Day 2020 SMP-SMA Harapan Bangsa Modernhill “New Beginning New Hope”

Menjadi saat-saat yang sangat luar biasa, saat SMP-SMA Harapan Bangsa Modernhill membuat graduation day virtual untuk yang pertama kalinya pada hari Rabu, 10th, June, 2020. Tidak hanya siswa, orang tua dan wali, namun juga guru-guru, yayasan, para kepala sekolah, dan bahkan Ibu Indra T. Honoris sebagai Deputy Chairman dan Bapak Purwanto sebagai assistant deputy Chairman, ikut bergabung bersama pada acara yang sangat spesial tersebut. Walaupun kami tidak berada pada lokasi yang sama, namun kami semua merasakan kegembiraan dan kebahagiaan yang sama untuk prosesi dan perayaan para siswa yang akan melangkah ke jenjang yang lebih tinggi.

Pada kegiatan graduation day kali ini, kami memilih tema “New Beginning New Hope”. Hal tersebut karena sebagai salah satu institusi Pendidikan unggulan, SMP-SMA Harapan Bangsa Modernhill menunjukkan pada masyarakat bahwa kami memiliki lulusan yang sangat kompetitif dan responsif. Mereka akan dapat memenuhi segala tanggung jawab dan tantangan pada situasi seperti saat ini sebagai angkatan yang sudah dipersiapkan dengan baik, yang juga akan memperlihatkan pencapaian yang sangat baik.

Dimulai dengan sesi berfoto di Google Meet dan dilanjutkan dengan pemutaran lagu “Gaudeamus Igitur” untuk mempersembahkan foto dari masing-masing lulusan satu per satu, kami merasakan energi yang sama seperti saat prosesi tersebut berlangsung di ruangan yang biasa kami gunakan di sekolah. Kemudian, setelah selesai dengan doa pembuka dan berbagai rangkaian acara, maka tiba-tah pada acara Graduation Procession dan Letter to Parents sebagai saat-saat yang sangat emosional berdasarkan komentar para lulusan dan orang tua. Tiba-tiba saja air mata menetes dan terasa kebanggaan dalam waktu yang sama, saat-saat itu merupakan momen yang sangat berharga untuk mereka. Lalu berlanjut pada acara selanjutnya, yaitu pengumuman student's achievements SMP dan SMA, kemudian speech from parent and speech from graduates dalam tiga bahasa, setelah itu dilanjutkan dengan “The World of Our Memories” sebagai salah satu acara lain yang juga terasa sentimental. Saat itu ditampilkan foto-foto para lulusan sewaktu berkegiatan selama tiga tahun terakhir di sekolah. Terdapat begitu banyak kenangan bahagia dan tak terlupakan dari foto-foto yang ditunjukkan saat itu. Mereka sangat bersyukur pada Tuhan karena sempat memperoleh pengalaman-pengalaman tersebut di sekolah mereka tercinta bersama kawan-kawan yang berharga and luar biasa.

Akhirnya, kami menutup seluruh rangkaian acara dengan doa penutup dan kembali berfoto bersama di Google Meet. Walaupun ini adalah kali pertama kami menyelenggarakan Graduation Day virtual, kami bersyukur pada Tuhan, dapat melakukannya dengan baik dan sedikit kekurangan saja. Kami sangat berterima kasih pada semua tim yang telah membantu, khususnya untuk bagian IT, sebab tanpa kerja keras rekan-rekan, kami tidak mampu mempersembahkan rangkaian prosesi acara dengan lancar dan memuaskan bagi seluruh audience pada kegiatan Graduation Day virtual tersebut. Akhir kata, selamat kepada seluruh lulusan SMP-SMA Harapan Bangsa Modernhill tahun 2020, langkah kalian selanjutnya adalah harapan bagi semua.

ENGLISH DAY: Classic and Modern Works in Poetry Reading, Drama, and Music Performance

On 21st February 2020, the secondary students of SHB Modernhill were celebrating the annual event of English Day. After two weeks of decorating the classrooms and rehearsing for their poetry reading, drama, and music performance based on the given theme, there came the moment of truth.

In the culminating event of this year's English Day, some selected students were having poetry reading, drama, and music performance. Poetry reading was performed by the 7th graders. The poems they chose were *The Road Not Taken* by Robert Frost, *The Enchanted Traveler* by Bliss Carman, *Columbus* by Helen L. Smith, *Adventurers* by Madison Cawein, and *The Chimney Sweeper* by William Blake. The 8th graders were performing a short play based on their interpretation of the classic work *The Adventures of Robin Hood* while the 12th graders were doing the same but their short play was based on the classic love story of William Shakespeare's *Romeo and Juliet*. In the meantime, the 10th graders got a chance to interpret one of the most famous modern works in the 21st century: JK Rowling's *Harry Potter: Goblet of Fire*. Both the 9th and 11th graders were performing several songs which were in accordance with the drama performance. The two songs performed by the 9th graders were *Castle on the Hill* and *Memories*, taking the theme of friendship while the 11th graders were singing *Lovefool* and *Kiss Me*, taking the theme of teenage love story.

After all the performances, the announcement of the winners of classroom decoration competition was given. Program Magang SMA Harapan Bangsa Modernhill 2020

Program ini dilaksanakan selama empat hari, terlalu pendek untuk sebuah program magang di perusahaan. Namun dengan keterbatasan waktu, siswa-siswi tersebut mampu memperoleh pengalaman, pengetahuan, dan keterampilan baru maupun koneksi dengan dunia kerja profesional. Ada yang magang di kantor pajak pemerintah, lembaga nirlaba seperti Ubah Stigma, maupun perusahaan-perusahaan swasta berbadan hukum perseroan terbatas seperti Bank Bukopin. Beberapa siswa juga magang di firma-firma hukum.

Program magang tahun ini diikuti oleh 22 siswa kelas 11. Dengan mengusung tema “Untuk Mengikuti Misi dan Ketertarikan Anda”, program ini mengharuskan siswa membuat laporan hasil magang untuk proyek mata pelajaran Bahasa Indonesia, Bahasa Inggris, dan Bahasa Mandarin. Presentasi siswa juga dinilai sebagai proyek mata pelajaran Teknologi Informasi.

Ra Magia menceritakan tema kegiatan magang mengenai kesehatan mental di depan teman-teman dan orang tuanya. Sedangkan Gina membantu bagian HRD menyeleksi calon koki baru untuk restoran di The Maj Senayan. Siswa lain yang bernama Darwin menjelaskan secara detail proses bisnis perusahaan keluarganya yang memproduksi ranjang. Itulah sekelumit presentasi dari program magang siswa-siswi SMA Harapan Bangsa Modernhill tahun 2020.
